The Eighty-eighth Annual Report

The Directors have pleasure in presenting their 88th Annual Report together with the Consolidated Financial Statements for the year ended December 31, 1974, and the Report thereon received from the Auditors. This year, for the first time, the accounts of the subsidiary companies have been consolidated into the Statements.

LIFE INSURANCE

The total new business issued for 1974 achieved a new record of \$1,769,447,000, being an increase of \$238,215,000 over 1973. The 1974 total consisted of \$1,577,959,000 in individual life insurance policies, being an increase of \$283,094,000 over 1973, and \$191,488,000 in group life, being a decrease of \$44,879,000 from 1973.

The business in force increased by \$864,305,000 to a total of \$12,447,898,000.

ANNUITIES

Individual annuity contracts in force at the end of 1974 will provide for annual payments to annuitants of \$92,831,000, of which \$15,583,000 represents contracts issued in 1974. Group annuities in force provide for an additional \$93,270,000 to be paid annually to annuitants under group contracts, of which \$1,222,000 was added in 1974.

SEGREGATED FUNDS

The total invested in segregated funds is \$153,326,000, an increase of \$12,152,000 over 1973.

REVENUE

Total revenue received during the year was \$561,926,000. Insurance and annuity premiums amounted to \$333,573,000, segregated funds' deposits amounted to \$40,361,000, net investment income to \$180,157,000 and all other revenue to \$7,835,000.

PAYMENTS UNDER POLICY CONTRACTS

Payments under existing, matured and surrendered policies were \$163,347,000, including \$31,252,000 in dividends to participating policyholders and \$55,164,000 in annuity payments. Death benefits amounted to \$54,011,000. The rate of mortality continued to be very favourable.

158,390,000

ASSETS

The assets of the Company and its subsidiary companies amounted to \$2,755,872,000, an increase of ~~\$173,309,000~~ over 1973. The net rate of interest earned was 6.99%, an increase from 6.53% in 1973.

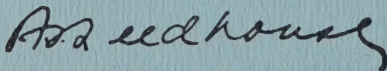

RESERVES, LIABILITIES AND SURPLUS

Insurance and annuity reserves amount to \$2,138,463,000 and the provision for dividends to policyholders to \$34,963,000. Due to generally lower market values throughout the world, the Contingency Reserve has been more appropriately designated as Reserve for Investments and Other Contingencies and has been increased by \$7,500,000 to \$35 million. After this provision the increase in surplus was \$575,000 and the surplus now amounts to \$154,000,000.

During the year, Mr. D. S. McGiverin, President of Hudson's Bay Company, was appointed to the Board of Directors. Mr. G. L. Holmes, who has been a valued member of the Board since 1954 and previously served as President and Chairman of the Board, retires from the Board having reached the mandatory retirement age for directors.

The excellent results achieved during the past year in the face of adverse economic conditions throughout the world would not have been possible without the dedication and industry of the Company's entire organization – in the field, in our Branches, and in Head Office. To all of them, the Directors offer their sincere appreciation.

All of which is respectfully submitted.

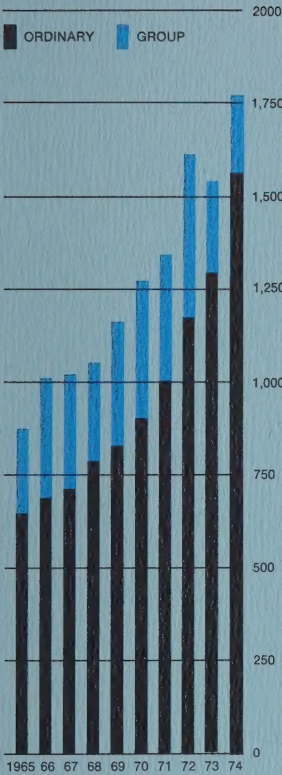

A. T. Seedhouse
Chairman of the Board

Auditors' Report to the directors and the policyholders

We have examined the consolidated balance sheet of The Manufacturers Life Insurance Company and subsidiary companies as at December 31, 1974 and the consolidated revenue account for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances; insurance and annuity reserves and other actuarial liabilities were determined and certified by the Company's Vice President and Chief Actuary.

In our opinion, based on our examination and the certificate of the Company's Vice President and Chief Actuary, these consolidated financial statements present fairly the financial position of the companies as at December 31, 1974 and the results of their operations for the year then ended in accordance with accounting practices prescribed or permitted by the Department of Insurance of Canada.

Chartered Accountants

Actuary's Certificate to the directors and the policyholders

The insurance and annuity reserves and other actuarial liabilities are in excess of those required under the provisions of the Canadian and British Insurance Companies Act and, in my opinion, make good and sufficient provision for all obligations of the Company and its subsidiary companies guaranteed under the terms of their contracts. This follows release of \$35,000,000 set aside in prior years for possible reserve strengthening but which, in my opinion, is no longer required.

NOTES: 1. Sterling currency items are translated into Canadian Dollars at \$2.45 (\$2.60, 1973) and United States Dollar items are translated at \$1.00. If rates of exchange for converting foreign currencies at December 31, 1974 had been used the surplus as shown would have been decreased by approximately \$500,000.

2. Bonds and stocks are carried in the accounts at cost or less. After deducting the Reserve for Investments and Other Contingencies, the total value permitted by Canadian insurance law as at December 31, 1974 is in excess of these carrying values.

3. In 1974 the Company adopted the policy of consolidating the accounts of its subsidiary companies, all of which are at least 99% owned, in its financial statements. 1973 figures have been restated on a consolidated basis for comparative purposes. Subsidiary companies at December 31, 1974 are as follows:

Name	Nature of Business
ManuLife Holdings (Quebec) Ltd.	Property Investments
ManEquity Management Co.	Investment Management Company (United States)
ManuLife Service Corp.	Pension Consulting Service (United States)
Island Life Insurance Co. Ltd.	Life Insurance (Jamaica)
The Manufacturers Life Insurance Company (U.K.) Ltd.	Equity-Linked Life Insurance
